Dimensions:-	
<i>Height:</i>	<i>96.50 Centimeters.</i>
<i>Width:</i>	<i>58. 50Centimeters.</i>
Features:	2 Plastic Lids with inner caps Perfect for transportations uses (worldwide).

New Delta's recommendation:-

- This product is ideal for transporting hazardous material across the globe. Contents remain perfect under extreme conditions (weather, temperature, stacking, container loads, and inland transport on pallets).*
 - With the addition of 2 plastic lids with inner caps this helps that no leakage happens no matter how the circumstances are.*
 - Works perfect if you company has auto-filling machines. Overflow is acceptable with this product.*
-
